DETAILS

The Public Works department notes that there is a pedestrian light pole located outside their cafe area. It is only 4 ft 8 inches from the rail as the area is sketched. 14.050.060 of the Municipal code requires a 6 ft. minimum clear walkway adjacent to sidewalk cafes but does allow the Council to allow less. Public Works recommends that the Council be asked to note the exception to the 6 ft. requirement in the approval of this application.
